

REID CLARK'S

GUIDE TO

KILLING

I was there, with him. I was holding a knife in my hands. He was scared and I was having fun. He was beautiful. He had black short hair, dark green eyes and his smile was the most perfectly smile that I ever seen. He said 'Reid, please, you don't have to do it'. I couldn't believe it, he was praying for my pity. I said 'I'm sorry Holden, you hurt me and I will kill you' at that moment I caught my knife and I killed him. After killing him, I put his body in a bag and I drove for three hours to throw his body to the river. It was a very hard work, his body weight a lot. When I arrived to the river, I taked out the body and I looked at it, even dead he was still handsome. Then, I threw the body, and I didn't look back.

You will be wondering, what happened? Why you killed him? Well, is a long story but basically he did something bad to me so I needed to kill him. Anyways, that story happened a long time ago. Right now I'm in a psychiatric, because I kept killing after my first murder, I couldn't stop, honestly I love killing. I've been in this place for eight years, but believe me if I tell you that I'm going to get out of here soon. Somebody knocked the room's door. She come in an said, 'Reid are you ready for this?' Oh little sister, I have been waiting this moment for eight years.

I am Reid Clark a skilled assassin and I'm going to give you an advice, look behind you, because at any time, you will be my next victim.
